Senior Front End Developer - OCT 2010 / DEC 2011

The Dubs - London, full time

I'm in charge of building and maintaining the front end (HTML, CSS, Javascript) of top quality websites for clients such as iTV, BBC, Fremantle Media, Endemol, ING Direct, Australian Red Cross. In addition I help the designer creating mockups or presentations for the clients. I'm also responsible for creating videos and animations using Adobe After Effects.
Example of work: xfactor.itv.com, talent.itv.com, hamiltonhodell.com

Senior Front End Developer - Web designer - MAR 2010 / OCT 2010

Tangent One - London, full time

The main duty is to build, using HTML/CSS and an extensive use of JavaScript / jQuery, top quality websites and emails from designs that the clients or the design team provides. I also help the designers in the design process to avoid possible issues in the building process. I also work with Flash to create banners and After Effects for video editing and VFX. On the daily basis I work with clients such as the Labour Party, Boots, Mothercare, Nails Inc, Which?, RSPCA, SAP.
Example of work: www.labour.org.uk

Front End Developer - Web designer - OCT 2008 / MAR 2010

Progressive Media Group - London, full time

My responsibilities, as front end developer, are to hand-code from Photoshop designs accessible and SEO friendly websites in W3C transitional or strict, semantic XHTML/CSS and developing user interfaces using the latest technologies such as JavaScript and jQuery. I have also acquired a good knowledge of Asp.net, C# and MVC.
Example of work: www.newstatesman.com

Web Designer - Web Developer - JUL 2007 / OCT 2008

The Marketing Effect - Reading, full time

My duties were to design from scratch all the new websites for the agency, from Photoshop mock ups to the final front end coding in XHTML/CSS and JavaScript. I also coded the back end of the websites using Asp.Net - C#, building mail forms and dynamic content. In addition I was in charge of the maintenance and the updating of the websites, dealing with clients via email, phone and occasionally face to face.

Work experience

Telemarketing Executive B to B - OCT 2006 / JUL 2007

Quantum TM - Reading, full time

(First job in UK outside IT) My duty was to call on behalf of leading technology companies as Microsoft, Symantec, IBM, Nokia etc. and speak to senior decision-makers about their IT and business requirements to generate opportunities leads.

Web and Graphic Designer - NOV 2004 / OCT 2006

Freelance - Italy

I created web sites and advertising material for different clients such as Caramanico Terme Council (Italy), restaurants, hotels, shops, musicians, artists etc. I was working in association with 'DEMA Industria Grafica' (Printing Company), which gave me the opportunity to understand several typographic processes.

Musician - DEC 2000 / SEP 2006

Part time - Italy

I worked as professional drummer with the band "Mauro una voce per Battisti", on Italian tours from 2000 to 2006. We also performed abroad in places such as in Belgium, Switzerland and China.
